How to Learn English Well?

Some students think that they can learn English well if they learn the grammar well and remember as many words as possible. But I don't quite agree with them. I don't think it's enough. We should practise speaking English both in and out of class. It's a good idea to read English newspapers and magazines as much as possible. Try to listen to English songs and watch English films. Besides, it is also helpful to keep diaries and write letters or short stories in English. Only in these ways can we learn English well.

In the 1950s, there were about 4,000 South China Tigers in China. However, people killed too many tigers later. And too many factories and farms took away their land and forests. As a result, there are few South China Tigers in the wild. There are only about 100 in zoos.

When you eat something, you can't use knives and forks but chopsticks. If you are full, you don't have to eat up the food on the plate. After the meal, the host often makes tea for you. How to Keep Safe?

Hello, everyone! I'm glad to share my ideas about how to
keep safe here. As middle school students, we should pay atten-
tion to the following to keep safe.

First, we ought to eat healthily and safely. Eating the food
that goes bad will do harm to our health. Second, the safety in
traffic is also required, so we should obey the traffic rules every
day. If we are in danger, we can call the police for help in time.
We also have to be careful of the friends we make with espe-
cially online. What's more, we should be careful when we use e-
lectricity. Last but not least, it's dangerous to swim in the river.

In short, safety must come first!

Thanks for listening.

四、How to Make Our Weekends More Meaningful

Life on weekends is an important part of our daily life.
How can we make our weekends more meaningful? Here
are some of my suggestions.

First of all, weekend is a suitable time for family to
stay together. We can do some housework, which can help
us understand each other more and show our love for par-
ents. Secondly, we should spend time developing our inter-
ests at the weekend. In my spare time, I would like to
choose some favourite books to read and talk with my family
about it after reading. Thirdly, we can take part in voluntee-
ring activities, such as visiting an old people's home or do-
ing some cleaning in public places. Last but not least, if you
want to make our body healthier, taking exercise is a good
choice.

In short, let's make good use of our weekends.

- How to Be a Good Learner?**

As a good learner, we should have good habits and ways of learning.

We need to get ready for our lessons before class and always listen to the teachers carefully in class. After class, we must go over the lessons and finish our homework on time. It's good to study in groups and help each other. As a student, working hard is important, but don't forget to do sports to keep healthy. We should do more reading in our free time. If we have some problems, we'd better ask others for help.

十一、Fellow students,

As we know, swimming is a nice sport and a good way to keep us fit. But remember some places are not so safe for us to swim in. Don't go to rivers or lakes alone. It's better to go with our parents or friends. Before swimming, get ready for it and don't get into the water in a hurry. While swimming, try to look after each other. We'd better not stay in the water too long. And don't swim too far.

Remember that safety is the first when you go for a swim.

Recently we had a class meeting on the topic of "My Chinese Dream". Everyone talked about his understanding of the Chinese Dream. We all believe that this dream will come true in the future.

I also talked about my own dream. I want to be a doctor. Not only can doctors save people's lives but also they are doing a respectable job. Doctors can also help people to live a better life with their professional knowledge.

To realise my dream, I must learn as much as I can so that I can get into a good medical college.
